

**Banking device delivery and key assignment format**

Based on the provisions of the **FGB-TR-08 Global Policy for the Contracting and Use of Banking Platforms** issued on June 2020, the following is established:

- Passwords and banking devices are personal, confidential and non-transferable
- It is strictly forbidden to buy passwords and devices, as well as any improper use of them
- Password must be changed immediately once the devices are received and bimonthly thereafter
- The correct use of banking devices is the sole responsibility of the user

Based on the above, the password and banking device are delivered according to the following:

Bank Name:

Device Number:

Customer Number or Company Code:

User Code:

Access code:

Operation code:

Number of Personal Identification:

-----  
Name and Signature
